

1

Adopt a wind down routine

3

Honour your circadian rhythm (in bed early and up with the sunrise)

Aim for 7-8 hours of sleep

2

Minimise exposure to blue light

4

5

TEN WAYS TO SLEEP BETTER

Prioritise more sleep before midnight

Manage stress during the day

6

7 Reduce stimulant consumption

8

Avoid stimulants after midday

9

Take magnesium before bed

Keep the bedroom cool and dark

10
